

VI-Q Series HMI Product Manual

VI-Q Series General-Purpose HMI

The VI-Q Series HMI is a new generation of HMI independently developed by INVT. Built on an all-new software architecture, it delivers smooth operation with enhanced security and reliability. Featuring a wide range of communication interfaces, the VI-Q Series HMI is a powerful, highly cost-effective HMI. By integrating the company's product portfolio including PLCs, frequency converters, servo systems and IoT solutions, we deliver one-stop automation solutions, create tangible value for customers, and strive to be their most reliable partner.

All-New Design

- Light gray body, minimalist and modern
- 24-bit color precision reproduction, vivid and brilliant
- Covering 4.3/7/10.2/15.6-inch screens

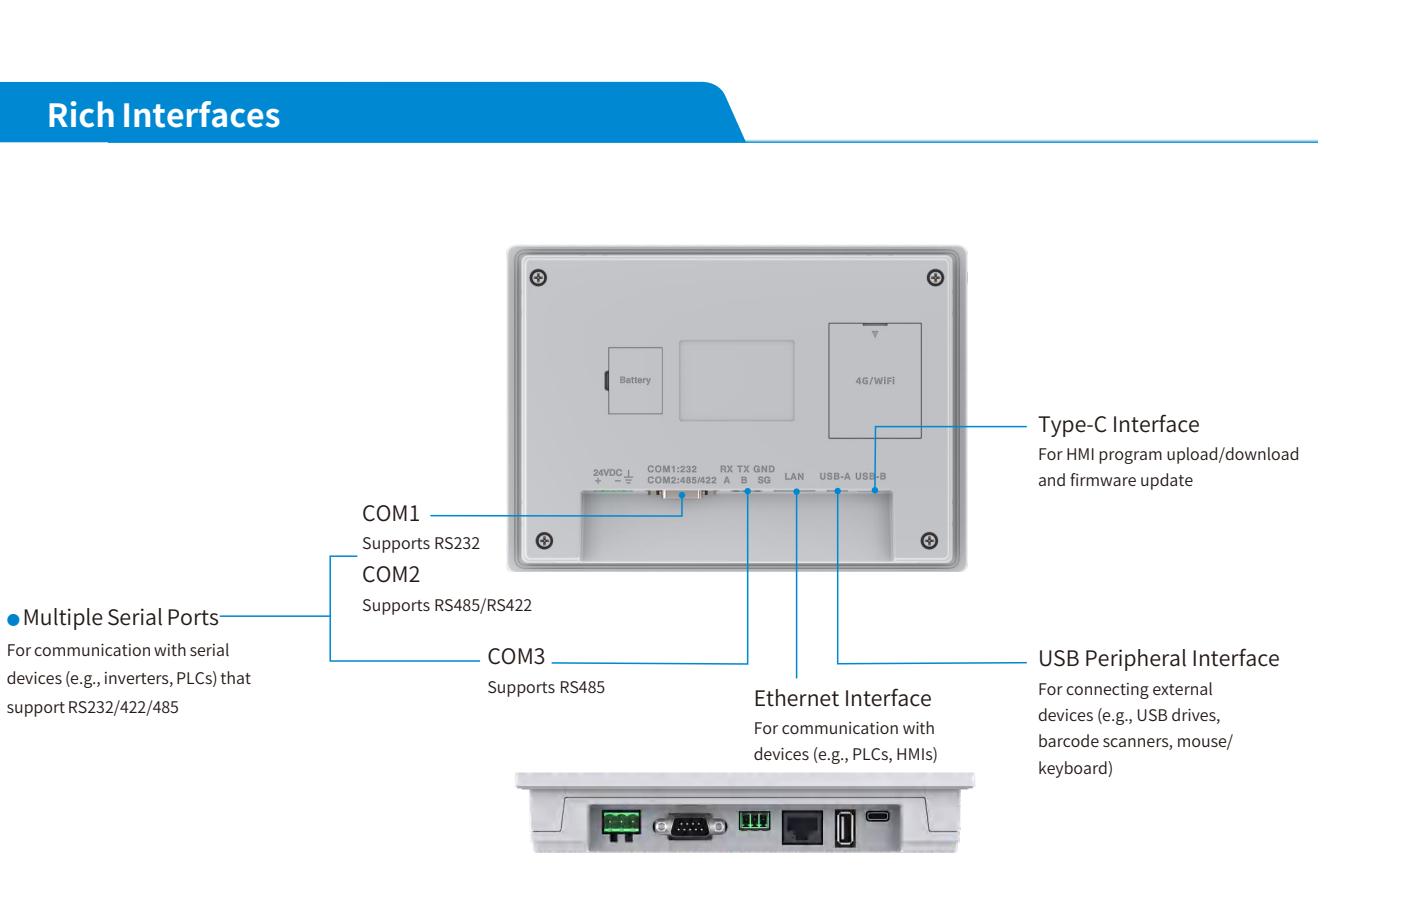

*The 4.3-inch and 15.6-inch models are expected to launch in 2026

High Performance

- Standard equipped with dual-core Cortex-A7 CPU, balancing performance and power consumption.
- ARM architecture paired with Linux system, delivering smooth and efficient performance.

Rich Interfaces

Smart Connectivity

- Integrates with INVT Cloud Platform, supporting full integration of mobile/desktop/web terminals.
- Expandable with 4G/WIFI IoT modules, allowing flexible selection based on the on-site environment.

Remote Download: Supports remote upload/download of HMI programs and HMI firmware updates

VPN Tunneling: Supports remote upload/download of PLC programs connected to HMI, firmware updates, and PLC monitoring

VNC Desktop: Supports VNC function, enabling real-time HMI monitoring on mobile phones and computers

More IoT Functions: Smart Display, SMS Alarm Notifications, Web Data Logging, Device Interconnection...

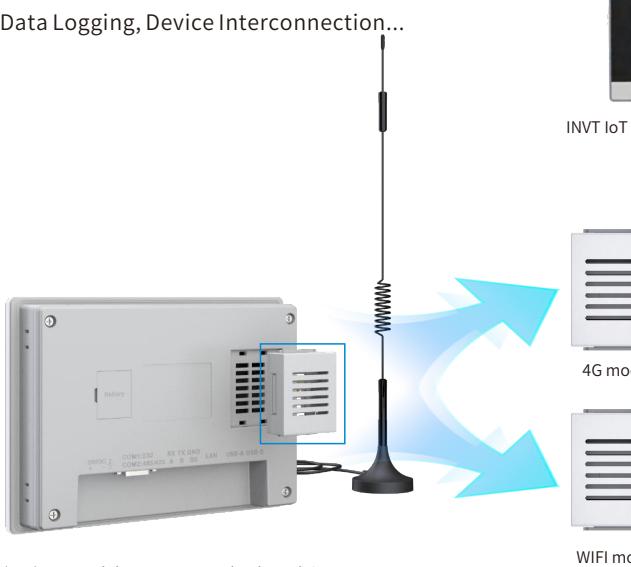

VNC Desktop: Real-time on-site HMI monitoring

Remote Download: HMI-connected PLC programs and firmware upgrades

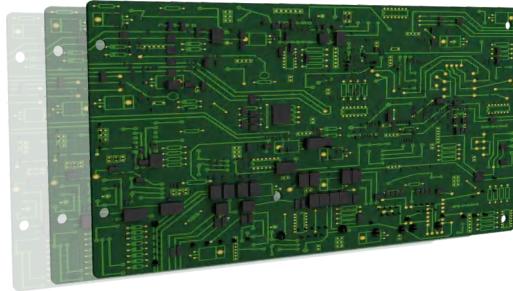

Cloud Configuration: Cooperate with dashboards for multi-device monitoring

*4G/WIFI modules are expected to launch in Q1 2026

Safe and Reliable

- Front panel complies with IP65
- PCB boards coated with UV adhesive for protection, effectively adapts to harsh environments

Featured Functions

[HMI Desktop Widget](#)

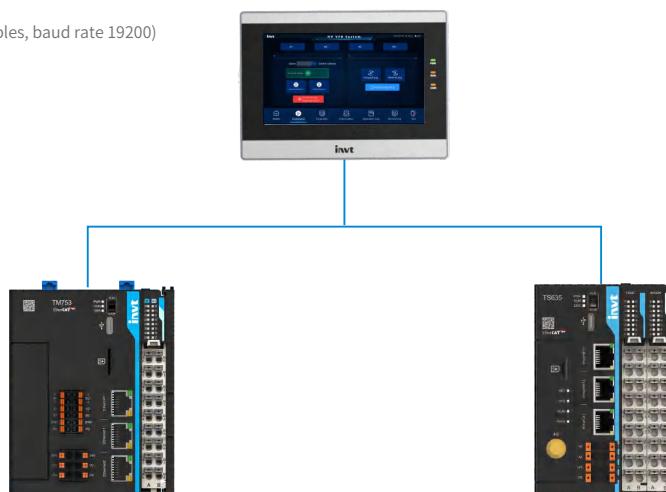

Directly open background settings on HMI to view IP address, set time, switch languages, etc.

[INVT PLCs Fast Protocol](#)

Exclusive communication protocol for INVT TS/TM series PLCs; Discrete Variable Communication Speed Increased by 100% Compared to VS Series

(Note: Test condition: 300 discrete variables, baud rate 19200)

[AI Function](#)

Intelligent AI alarm, AI script writing, predictive maintenance, etc. (Coming soon)

New Software

- INVT's new HMI configuration software, INVT Touch Station, is user-friendly and significantly reduces programming time for users.

❖ Offline Simulation/Online Simulation

Supports HMI simulation functionality and enables joint online simulation with TS/TM series PLCs.

</> Script Function

The software supports JavaScript script functions, which can be called via controls for higher flexibility and more operations.

A Multi-language

Supports over 100 languages, enabling barrier-free global use.

☆ Common Functions

Supports common functions including recipes, data logging, operation logging, alarm logging, user rights management, and icon libraries.

Technical Specifications

Model	VI043QS	VI070QS	VI102QS	VI156QS
Display				
Display size	4.3"	7"	10.2"	15.6"
Resolution	480×272	1024×600	1024×600	1920×1080
Screen material		ITO		
Color depth		24bit		
Brightness (cd/m ²)	400	450		300
Backlight type		LED		
Backlight life (hr)		20000		
Touch panel type		4-wire high accuracy touch panel		
CPU and memory				
CPU		Cortex-A7 1GHz (dual core)		
Memory		128MB DDR3		256MB DDR3
Flash		256MB Flash		4G EMMC
Communication interface				
USB		USB Host×1, USB Client×1		
Serial interface	COM1:RS232 (2PIN)	COM1:RS232, COM2:RS485/422, COM3:RS485 (3PIN)		COM1:RS232, COM2:RS485/422, COM3:RS485
Ethernet		●		
SD card slot		-		
Power supply				
Rated voltage		12~24VDC(±15%)		
Rated power	4W		7W	
Environment				
Work temperature		-20~55°C		
Work humidity		5~95%RH (No condensation)		
Protection level		IP65(front panel)		
Certification				
CE		EN55032, EN55035		
FCC compatibility		FCC, Class A		
RoHS		●		
Dimensions and weight				
Physical dimension (mm)	139×86×31	203×145×35	273×211×40	395×257×31
Hole dimension (mm)	132×80	192×138	259×201	383×246
Weight (Kg)	0.24	0.7	1.05	2.45
Configuration				
Configuration software		INVT Touch Station		

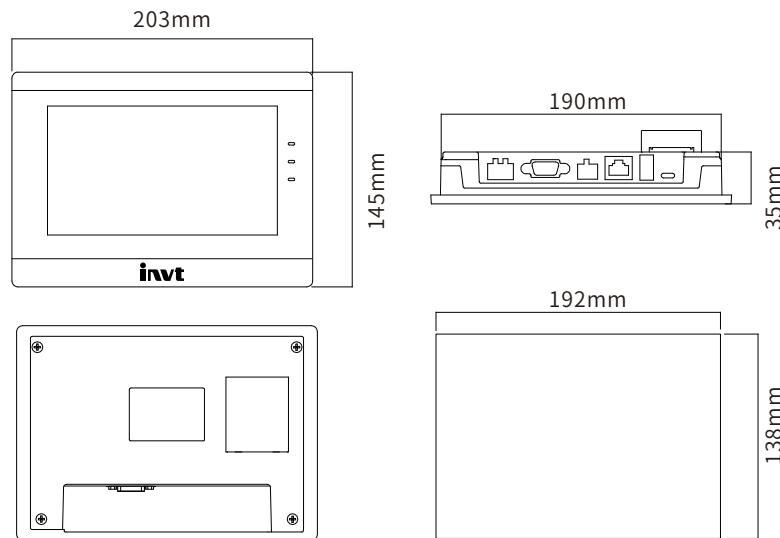

Note: ● Indicates Support - indicates not supported
VI043QS and VI156QS are scheduled to be launched in Q3 2026.

Ordering Information

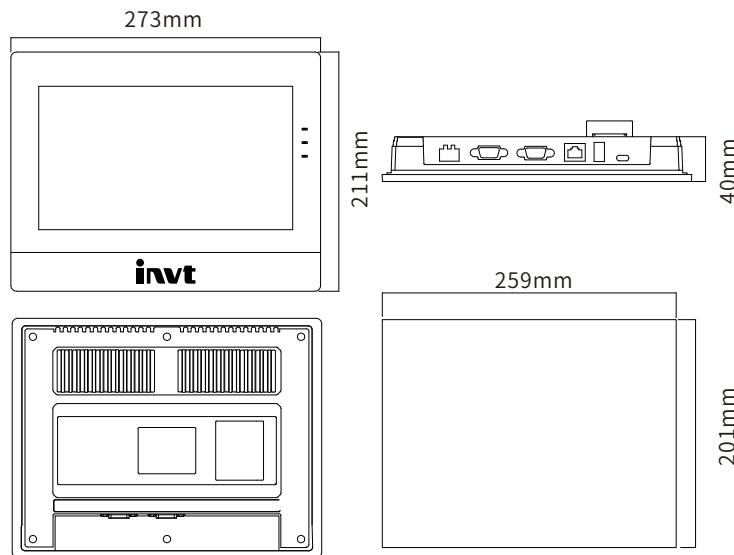

Ordering Code	Model	Description	Mounting Hole Dimensions
11026-00038	VI070QS	7-inch, 1024×600 resolution, 24-bit color, 3 serial ports, 1 Ethernet port; RoHS	192 x 138mm
11026-00037	VI102QS	10.2-inch, 1024×600 resolution, 24-bit color, 3 serial ports, 1 Ethernet port; RoHS	259 x 201mm

Dimension

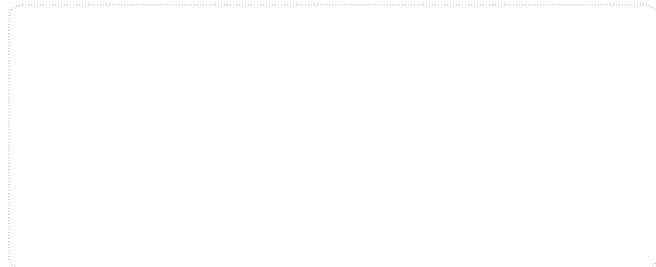

VI070QS

VI102QS
